The Board shall meet three times a-year, alternately at Quebec and Montreal, on the Wednesday nearest to the 15th May, and 10th October, and on the Friday next after the Annual Meeting. In the event of its being found necessary to hold a special meeting of the Board during the winter months, such meeting shall be taken to count as one of the Meetings held alternately between the two cities. The first Meeting thereof shall be held on the 23d day of October, in the present year, at Quebec. Special Meetings may be called by the President, or, in his absence from the Diocese, or in the event of a vacancy in the See, by two of the Vice-Presidents, and four members of the Board: and not less than seven Members present at any meeting shall form a quorum. When a sufficient number of members to form a quorum shall not assemble on the regular day of meeting, the members present shall have power to adjourn to another day, and so on *toties quoties*, until a quorum shall be found; and business shall and may then be proceeded with.

The Central Board shall have authority to make such rules as may be necessary for the Government of its own affairs, provided that none of them be contrary to, or inconsistent with, the spirit of the Constitution or By-Laws of the Society.

ARTICLE X.

Of District Associations.

In connexion and correspondence with the Central Board, there shall be formed District Associations, (except in the Cities of Quebec and Montreal, and the Banlieues thereof,) to be composed of the Clergy, and all other Members of the Society resident within the bounds of such Districts; a contribution per annum constituting membership of such District Associations. District Associations, (except as hereinbefore excepted,) shall continue until otherwise settled by the Central Board of the Society, before its Incorporation, or otherwise hereafter determined by the Central Board. The senior Clergyman holding a Pastoral Charge within such bounds, and being a member of such Association, shall be, *ex officio*, Chairman thereof:—they may have a Secretary and Treasurer, and shall meet at such places as they may themselves determine; at one of which meetings the officers shall be appointed and a report of the proceedings of the year read. The District Associations shall have authority to make rules for the government of their own affairs, provided such rules be not contrary to, or inconsistent with, the Constitution or By-Laws of the Society. They shall report annually to the Central Board, at least one month before the Annual General Meeting of the Society, (and at such other times as the Secretary, on behalf of the Board, shall require,) a statement of their proceedings, and a detailed account of all the monies received and expended by them during the year.

ARTICLE XI.

Of the Sub-Committees of the Society.

For the more effectually carrying on the designs of this Society, the Clerg, man and Church Wardens in every Parish and Missionary Station, and the Ministers and Wardens of every Chapelry within the Diocese, shall be a Sub-Committee of the Society, in correspondence with the District Association, within whose bounds such Parish or Missionary Station is situated, or in the Cities of Quebec and Montreal, with the Central Board, through the Secretary of the Society. This Committee shall meet as often, and at such periods, as they themselves shall decide to be most convenient, inviting the co-operation of all the Parishioners, in their deliberations and designs. They shall collect subscriptions and donations from the members of the Church, in such manner as they shall deem most effective, and endeavour, by every means in their power, to augment the resources of the Society. One sermon at least shall be preached during the year within the limits of each Parish, Station, or Chapelry, on such Sunday as the Bishop shall appoint, in favor of some one or more of the objects of the Society; and a collection shall then be made in aid thereof, the proceeds of which shall forthwith be remitted to the Treasurer or Treasurers of the Society; any Parish, Station, or Chapelry, in which such sermon shall not have been preached, shall not be considered entitled to any grant or benefit from the Society, until a sermon shall have been so preached.

All other monies raised by such Sub-Committees, shall be remitted to the Treasurer of the District Association; or to the Treasurer or Treasurers of the Society where such monies shall have been raised within the cities and Banlieues of Quebec and Montreal.

ARTICLE XII.

One half of all the monies paid into the hands of the Treasurers of the District Associations, respectively, and not specially appropriated by the contributors, shall be transmitted to the Treasurer of the Society, to be at the disposal of the Central Board, and the remaining half of all such collections shall, when required, be expended within the Parish or District in which they have been made, for such objects only as are specified in the Constitution of this Society:—the allotment to be made by the Committee of the District Association. All monies, remaining unappropriated at the General Annual Meeting of the District Association, shall be forthwith transmitted to the Treasurer or Treasurers of the Society to be at the disposal of the Central Board.

ARTICLE XIII.

Of the Lay Committee of the Church Society.

A Lay Committee, consisting of not less than twenty-six members shall be chosen, at the first Meeting of the Central Board after the Annual Meeting of the Society, from among the members of the Corporation, thirteen from and for the district of Montreal, and thirteen from and for the other parts of the Diocese, forming two distinct branches within those limits respectively. Three members of each branch shall form a quorum, and they shall have power to fill up any vacancies which may arise within their own body, and shall be governed by the Constitution, Rules, and Regulations adopted and in force before the incorporation of the Society, until the same shall be altered by the Committee or by the Society at the General Meeting.

The proceedings of the Lay Committee shall be subject to the sanction of the Bishop of the Diocese. The clerical and other members of the Central Board may attend at any of the General Meetings of the Committee, and may propose and discuss matters therein, but shall have no vote; and the Committee shall report their proceedings to the Central Board at their stated meetings. The objects of this Committee shall be:

Secondly—The providing for the permanent and adequate support of an increased number of clergymen, so that, with the least possible delay, the members of the Church, in every portion of the Diocese, may have the means of access to a Church within a practicable distance.

Thirdly—The building, in every place where it may be required, a Church of stone or brick, upon a well considered plan, as to dimensions, external form, and internal arrangement, keeping in view the probability of its requiring enlargement.

Fourthly.—The building, in a good situation, convenient to the Church, a comfortable Parsonage of brick or stone, the plan of which should be carefully considered, with reference to size and internal arrangement, and should admit of additions being made, with the sanction of the Bishop.

~~**Fifthly**—The insuring such Churches or Personages against losses by fire.~~

Sixthly—The procuring an adequate and permanent support for all the Institutions, authorities, functionaries, suitable and appertaining to the Establishment of the Church of England in this Diocese.

Seventhly—The investing all life subscriptions, (unless so far as the application of these may be otherwise limited by the contributors,) in a permanent and accumulating Fund, of which the interest only shall be applied to the general purposes of the Society.

Eighty—The encouraging the formation of a Local Endowment Fund, at every station or place having a Church or Clergyman, by special contributions, or by setting apart a portion of the Pew-rents, to form an accumulating fund until the net income shall in each case amount to £50 per annum; for the more effectual promotion of which object the Society will engage, whenever such fund shall be formed and shall amount to £100, invested in Bank-stock, or other public securities, to add thereto an amount not exceeding £100; provided always that such investment shall stand in the name of the President of the Society.

Ninthly—The management and superintendence of all lands belonging to the Society.

ARTICLE XIV.

All meetings of the Society and of the Committees shall be opened and closed with the Prayers used by the two Societies in England, adapted to our situation, under the direction of the Bishop.

No alteration or amendment in the constitution or By-laws of the Society shall be made, unless such alteration or amendment shall be proposed at one and adopted at another General Meeting of the Society, provided that not less than one month intervene between the two Meetings and that the object of the Meetings be stated in the advertisement by which they are called. At all Meetings of the Society, of the Central Board, or of Committees, the Chairman, in case of an equality of votes, shall have a double or casting vote.

ARTICLE XV.

Whereas some members of the Church, who are not unmindful of the great Spiritual wants of their own neighbourhood, still feel constrained, in pious gratitude for the blessings they enjoy, to allot something, however small, from the means with which a Gracious Providence has blessed them, towards the spread of the Glorious Gospel among the nations which still sit in darkness; the Society will gladly receive and forward to the Society for the Propagation of the Gospel, the Church Missionary Society, or the London Society for the Promoting Christianity among the Jews, whatever sums may be given for the conversion and instruction of the Heathen or the Jews.

Prayers to be used at all Meetings of the Society,

AND OF ITS SEVERAL ASSOCIATIONS.

Prevent us, O Lord, in all our doings with Thy most gracious favour, and further us with Thy continual help ; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally, by Thy mercy, obtain everlasting life ; through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live ; Have mercy upon all Jews, Turks, Infidels, and Hereticks, and take from them all ignorance, hardness of heart, and contempt of Thy Word ; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be one fold under one Shepherd. Prosper, O Lord, the labors of those Societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies : and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. " Prosper Thou the work of our hands upon us ; O prosper Thou our handy work," for the sake, and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation : But deliver us from evil : For thine is the kingdom, the power and the glory, For ever and ever. *Amen.*

EIGHTH ANNUAL REPORT.

The Central Board, while desiring to express their thankfulness to the Giver of every good and perfect gift, for the increased means of usefulness which, by His blessing, have been committed to them, during the past year, as well as for the amount of good which they trust they have been the humble instruments of effecting, would at the same time urge upon the members of the Church, generally, the necessity of more active exertion in the Society's cause. For the increase over the amount reported last year is extremely small, and last year a large falling off was reported. This increase, too, will be found to be the result of efforts made only in some few localities, while in many others a decrease is again exhibited.

The amount received by the Treasurers of the Society, exclusive of Remittances from District Associations, since their accounts were closed last year, has been..... £920 7 10

The income of the District Associations (so far as

they have reported,)..... 471 16 1

£1392 3 11

being an increase of £170 upon the amount reported last year. (Of this sum, however, upwards of £90 are for the Nicolet Endowment Fund, of which no account was then rendered.)

The total income for the year, (including the balance from last year's accounts, and exclusive of receipts on account of the Nicolet Endowment Fund,) has been..... £1670 19 0

The expenditure, including investments,..... 1117 17 11

Balance this day..... £ 553 1 1

The funded property of the Society, available for general purposes, amounts now to £1225 in Bank Stock, besides four shares of £100 each, which have been taken in the Union Building Society of Quebec, payable by instalments.

This fund has been formed principally by the appropriation, according to the 13th Article of the By-Laws, of Life Subscriptions to the purpose.

Widows' and Orphans' Fund.

An additional sum of £75 has been invested this year, on account of this fund in Government Debentures,—and there is besides a sum of £100 bearing interest, in the Quebec Provident and Savings Bank, making the whole amount of the fund £1475, in addition to a balance, not yet invested, of about £80.

The Nicolet Endowment fund, which stands in the name of the President of the Society, in accordance with the provision to that effect in the 13th Article, has received an increase since, of upwards of £90, (£25 of which were a legacy from the late Colonel Chandler,) and amounts now, in all, to £400 19 8.

Travelling Missionaries.

It is with great thankfulness that the Central Board report that there are now two travelling Missionaries in the employment of the Society, one in the District of Montreal, and one in that of Quebec. The Rev. Thomas S. Chapman, whose appointment was mentioned in the Report of last year, returned, at the close of the season of duty at the Quarantine Station, to the destitute settlements on the borders of the districts of Montreal and St. Francis, where he had laboured with acceptance during the preceding winter, including, in his circuit, the adjoining missions of Shefford and Brome, both at that time vacant. In February last, finding his strength unequal to the severe exertions required of a travelling missionary, he applied to the Lord Bishop to be permitted to resign that office, and was appointed to

the newly created Mission of Dudswell, the formation of which may be looked upon mainly as the result of the labors of different Clergymen who have been Missionaries of the Society. Under these circumstances it may not be improper to state, as it cannot be otherwise than gratifying to the Society and its friends to learn, that there is every prospect (under the Divine blessing) of a plentiful harvest in the new field thus taken up by the Church.

The Rev. John Carry, late student of Bishop's College, Lennoxville, was appointed to succeed Mr. Chapman, and labored in the same tract of country, not however including Shefford and Brome, (the vacancies in those missions having happily been filled up,) until the opening of the navigation, when he proceeded to Grosse Isle.—He has received instructions to pay occasional visits to such places, within reach of that station, as Protestants are to be found in. These are but few, and the number of church people in each extremely small; but as it is from this very circumstance that they are unable to procure for themselves a supply of the means of grace, they are manifestly fitting objects of the care of the Society's Missionary. Through the mercy of God, the Quarantine Station has presented no unusual calls this season,—the number of sick and of emigrants detained on the Island having been, so far, smaller than for many previous years.

The Rev. Richard Langford Stephenson, of Trinity College, Dublin, who was sent out to the Diocese, as stated in the last Report, by the Revd. William J. D. Waddilove, having been ordained with Mr. Carry, in February last, was instructed to proceed to the destitute settlements upon the River Ottawa, including the Gore of Chatham, a mission of the Society for the Propagation of the Gospel, which has unfortunately been vacant for some time past. The other townships under his care are those which were mentioned in last year's Report as placed, by a temporary arrangement with the Society, originating with the Bishop, in charge of the Revd. Charles Forest. Mr. Stephenson has remained in this tract of country until the present time, and is now proceeding, as directed by the Bishop, to pay a visit to some of the settlements, to which Mr. Carry had principally given his attention

during the winter. In the meantime a Candidate for Holy Orders, sent out by the Society for the Propagation of the Gospel, has been licensed to act for the present as Lay-Reader at the Gore, so that Mr. Stephenson will be enabled, upon his return to the Ottawa, to devote more time to the destitute settlements higher up the river.

It is proper to mention here, that a portion (£25 Stg.) of Mr. Stephenson's salary is, for the present, provided for by the liberality of the Rev. William J. D. Waddilove.

Extracts from the journals of the three gentlemen named will be given with the Report when published, and for this reason it is deemed unnecessary to refer to them here at more length.

A Committee was appointed at the meeting of the Board in May last, to reconsider the practicability of a plan for the insurance of the lives of the Clergy.—It is hoped that they may be able to report favorably upon this important subject, and that measures may be adopted which shall prove effectual, as well as satisfactory to the Clergy.

Education.

At the same meeting, a Committee was appointed to consider the best means of establishing a respectable Female School under the auspices of the Church, intended, primarily, for the benefit of the daughters of the Clergy: but, as the Committee have not yet had an opportunity of reporting, the details of the proposed scheme cannot at present be given. It is one well worthy the serious attention of all Churchmen.

The Central Board have to report that the arrangements, referred to in the last Annual Report, as likely to be effected with the School Society for the Colonies, have fallen through, from the want of funds on the part of that body, to meet the terms proposed.

Assistance to Candidates for the Ministry.

The third of the objects for which the Society is incorporated is "assistance, where it may be necessary, to those who may be

under preparation for the ministry of the Gospel." The Board have never, as stated in the Report of last year, been called upon, hitherto, to make any provision for this object: but their attention having been directed to the desirableness of securing to newly ordained Clergymen the means of furnishing themselves with outfits, a Committee was appointed in May last, to report upon the practicability of creating a fund, or otherwise providing for this object. The number, however, of Candidates for Holy Orders being happily on the increase, and the vast majority of them being, as must be expected in a new country, in such circumstances as to require assistance, there is room for the exercise of Christian liberality, notwithstanding the allowance, still generously continued, of £300 Stg. per annum, from the Society for the Propagation of the Gospel. It is gratifying to observe that the Treasurer at Quebec has received through the Treasurer of the St. Francis District Association, two donations of £7 10s. each from the same individual, towards this important object.

Depository.

The Depository, which is still under the efficient management of Mrs. Walton, has nevertheless not been productive of good so extensively as could be wished. The Book and Tract Committee, however, have received instructions to report upon a plan for extending this branch of the Society's operations, and making it more generally useful. Books to the value of £50 Stg. have been purchased from the Depository of the Society for Promoting Christian Knowledge in London, and it is confidently hoped that arrangements will be speedily effected which will give general satisfaction.

Grants.

The amount expended in Grants for Church building and the promotion of the other objects of the Society, has considerably exceeded that of any other year.

Towards repairs in the Church at Abbotsford....	£10	0	0

AMOUNTS RAISED.

Quebec.

In the Parish of Quebec, there has been a considerable increase in the number of subscribers, and in the amount raised over those reported last year. This is in a great degree to be attributed to the exertions of a few zealous friends of the Society, who have undertaken to make collections, weekly, monthly and quarterly ;— a method of carrying on the work which has the effect not only of adding to the amount contributed, but also of exciting and keeping up an interest in the cause. The labors of voluntary collectors having been assumed only within the last few months, their returns are not complete for the year, or a larger amount would have been exhibited.

Montreal.

In the City of Montreal, the amount collected, since the last Report, has been as follows :

Upper Ottawa District Association.

The returns from this District have been sent in, in the shape of Reports from the several Missions, Templeton excepted. Total in the District, £5 13 3. There are no annual subscriptions. The Missionaries of Clarendon and Hull, however, report a sum of £74 6, raised for local Church purposes, coming within the objects for which the Society is incorporated.

Lower Ottawa District Association.

The Mission of the Gore in this District being still vacant, the amount reported has been contributed in the other three Missions in the District. It consists of annual subscriptions and proceeds of both sermons in all the Missions, making a total of £38 3 5, being less than the amount raised last year. At Vaudreuil, however, the sum contributed, under each head, exhibits an increase, although the people have been called upon to make further exertions for the completion of their Church, which was fitted up in order to its consecration, in September last, in a manner that reflects the highest credit on their zeal for the honor of God's House. They have since been engaged in taking measures for procuring a parsonage, towards which object the sum of £100 has already been raised within the Mission, and a private individual has given land for a glebe. The sum of £6 12 1½. has been remitted to the Treasurer at Montreal, from St. Andrew's only.

Masconche District Association.

The Mission of New Glasgow, in this District, has been vacant during part of the year, but has recently been filled up. The Mission of St. Martin has been detached from the Beauharnois

District Association, within the limits of which it was formerly comprised, and annexed to this Association. The annual meeting of the Association was held at Mascouche in February, all the Clergy of the District being present, and the Report shews a total amount raised within the year for the Society of £44 15 6½. There are annual subscribers in the Missions of Rawdon and St. Martin. Towards two new Churches, at St. Therese and Rawdon; a Parsonage at St. Martin; and other objects contemplated by the Society, the sum of £200 has been reported as raised within the District.—£18 10 7 have been remitted to the Treasurer of the Society.

Beauharnois District Association.

The whole amount reported as raised within this District is £27 13 2½. This falling off is to be accounted for partly by the separation of the Mission of St. Martin from this Association, and partly by there being no annual subscriptions at Ormstown, the Missionary of that place not having judged it expedient to call upon his people on behalf of the Society, as they are engaged in active preparations for building a new stone church, for which he reports that they have already paid in the sum of £60. The Church at Côteau du Lac, with the assistance of a small grant from the Central Board, has so far advanced as to be nearly ready for consecration.

The amount remitted is £7 8 9.

Richelieu District Association.

Although the members of the Church within this District are engaged in the prosecution of different works, in furtherance of which they are reported to have raised the large sum of £1170, there has been no falling off in the amounts contributed to the Society. In two Missions, on the contrary, there has been a marked increase, the annual subscriptions at Chambly having risen from £23 14 2 to £41 3 11½, and at Sabrevois from £5 3 2½ to £16 16 3. At the former place the Missionary, (the Rev

J. P. White,) took occasion, on the day appointed for public thanksgiving for the removal of the Cholera, to suggest to his Congregation the propriety of shewing their thankfulness, by consecrating a gift to the Almighty in aid of some benevolent design, and added that no fitter channel could be found for their bounty than the Church Society. The result was the increase mentioned above, Mr. White having followed up his suggestion by calling himself "upon every family who were in circumstances to give." It would be very gratifying to be enabled to report similar success, as the result of similar exertions, in every Mission. In a letter to the Secretary of the Society, Mr. White writes thus :

"The establishment of the Church Society in the Diocese, I feel to be a very great blessing, and designed ultimately to effect much good : by it the wants of the Church are brought more than heretofore under the notice of the people, and they are consequently stirred up to good works on her behalf. And we have this thought to encourage us in our endeavours to promote the Society's objects—It is the Lord's work, and He will crown it with His blessing."

These details from the Report of a single Parish have been given, in the hope that the example which it has set to the Diocese may have its due effect, in stimulating other parishes and Missions to greater exertion in the Society's cause. The most pleasing feature of the Report is the cause to which the increase is attributable, thankfulness, namely, for mercies received, which the people of Chambly were not satisfied with expressing only with their lips. If a due sense of the unnumbered and undeserved blessings daily poured upon us, were more widely entertained, it would not be as a solitary instance, that such an example as this would be recorded.

A meeting of the Parochial Association was held at Chambly in September last, at which the Lord Bishop of Montreal presided, and the Secretary of the Society attended. The presence of the

Rev. Ernest Hawkins, who was then in the Diocese, was also expected; and, had he been present, he would have been enabled to make a gratifying Report to the Society upon his return to England, of the good spirit which was manifested upon the occasion.

The annual meeting of the Association was held at St. John's in March, when the Rev. C. Morice was appointed Secretary, in the room of Rev. C. Bancroft, resigned. Most of the Clergy of the District, and a large number of the laity, were present.

The total amount raised for the Society within the District is £170 11 10; proportion of annual subscriptions remitted from St. John's only, £36 18 6.

The Mission of Sherrington in this District has been divided, by the erection of Hemmingford into a distinct charge.

N. B.—The amount of £1170, mentioned as raised for local purposes, does not include a sum of £650, subscribed in St. John's towards the erection of a new church.

Missisquoi District Association.

The annual meeting of this Association was held at Dunham in June, when all the Clergy of the District, with one exception, were present. The attendance of the laity was also satisfactory; the resolutions passed upon the occasion, are indicative of a desire to carry on the work energetically; and it is earnestly hoped the ensuing year will be permitted to witness a corresponding effort.

The resolutions were as follow:

Minutes of the 16th Meeting of the District Committee of the Church Society, Missisquoi District, held at Dunham, Wednesday 19th June, 1850.

Present,—The Revds. James Reid, James Jones, Richard Whitwell, Thomas Johnson, Joseph Scott, William Jones, Andrew T. Whitten, and Robert Lindsay.

Resolved 1st. That the amount of contributions received by the Diocesan Church Society, from the Parishes and Missions

within the Diocese is the principal evidence, to which the Society for the Propagation of the Gospel have access, of the value, which the people of this country put upon their Christian liberality, in providing for them Ministers of the Gospel, and the ordinances of religion.

- 2nd. That the income by subscriptions and donations, from the respective parishes and missions of this Diocese, having fallen short of the former year's amount, by nearly five hundred pounds, is calculated to lower our character in the esteem of the Venerable Society for the Propagation of the Gospel, and induce them to think that their bounty would be better bestowed elsewhere.
- 3rd. That the deficiency in the last year's contributions, although in a great measure caused by the depression of agriculture and commerce, is an evident call upon both Clergy and Laity to use their best endeavours, and to pray to God, to put in the hearts of the people to be liberal to the Church, that we may recover our lost ground.
- 4th. That, in the opinion of this meeting, among the best means of establishing the Church upon its proper foundation, is the religious instruction, and training of youth; and therefore, it is earnestly recommended, that the children of the several parishes should be objects of particular attention, on the part of all true friends of the Church.
- 5th. That the hearty co-operation of the Laity with the Clergy, in all our undertakings, is necessary to insure our success, and is indispensable to the prosperity of the Church.

There has been a considerable diminution in the amount of annual subscriptions, which may partly be accounted for by the absence of any return from Granby. The Board observe that no portion of the amount reported as raised last year in that place, has been forwarded to the Treasurer at Montreal.

The amount received from the other Missions, which have contributed, is £24 17 1½.

The whole amount reported as raised in the District is
£91 19 9.

£200 reported for local purposes.

St. Francis District Association.

The 7th Annual Meeting of this Association was held at Sherbrooke in January last, preceded by Divine Service and a sermon, preached by the Rev. J. Kemp, in the morning of the same day, at Lennoxville. The attendance of members was, as usual in this District, large, including most of the resident Clergy; and a lively interest was manifested in the proceedings. Henry Miles, Esq., M. A., one of the Professors of Bishop's College, was elected Secretary in the room of the Rev. C. P. Reid, resigned. The reports, as far as received, exhibit a total amount of £105 6 3, (being an increase over that of last year,) contributed to the funds of the Society. Remitted to Quebec on account of the Annual Subscriptions, £25 12 6.

The sum of £428 17 6 is also mentioned, as raised within the District, for local Church purposes.

The townships of Dudswell and Ham, the spiritual wants of which have been heretofore supplied, as already mentioned, principally by the labors of the Travelling Missionaries of the Church Society, have been erected into a Mission of the Society for the Propagation of the Gospel.

Megantic District Association.

The Annual Meeting of this Association was held at Pointe Levi in January, and presided over by the Lord Bishop. His Lordship also, subsequently, in the course of a Confirmation tour in the District, presided at Meetings in the Missions of Leeds, St. Giles and Ireland. The first and last named of these meetings, the Secretary of the Society had hoped to have been able to attend, but was unavoidably prevented from doing so.

The total amount, contributed to the Society, shews an increase

over that of last year, though there is no Report or remittance from the Missionary at Ireland,—being £61 2 10½. Remitted to Quebec, on account of the annual Subscriptions, £17 8 10½.

Three Rivers District Association.

The amount reported in this District, (including £40 contributed towards the Nicolet Endowment Fund,) is, £108 19 0½
 For local purposes..... 200 0 0

Portneuf District Association.

It is pleasing to remark, that the commendable exertions of the Missionary at Portneuf, mentioned in the Report of last year, have not only been sustained, but that there has been an increase of nearly £3, in the amount of Annual Subscriptions raised, over that of 1849.

In the Mission of Valcartier, a meeting was held in March last, which was presided over by the Lord Bishop, and attended also by the Revds. Official Mackie, J. Torrance, C. Stewart and the Secretary of the Society. No report or remittance, however, has been yet received.

Total in Portneuf Mission, including sermons, £29 7 2½. Remitted, £6 12 11.

(Since the Report was presented, an amount of £5 5. in annual subscriptions, and one of 13s. 10d. the proceeds of a sermon, have been sent in from Valcartier.)

Gaspé District Association.

There is, as usual, nothing to report from this District, but the proceeds of sermons, and the returns of these are from only two Missions, amounting to £8 12 4.

The Lord Bishop, however, purposes, with the Divine blessing, to endeavour, in the course of the Visitation, upon which he has just entered, to put matters in train for a more efficient working of

the Associations of this remote District, and it is trusted that his efforts may be successful ; although, from the distances by which the Clergy are at present removed from each other, much combined exertion is not to be looked for.

Officers of the Society.

During the past year there have been some changes among the Officers of the Society. There was one, who from its first establishment had filled the office of Honorary Counsel, and advocated its claims at the last Annual Meeting, who, within a week of that time, was removed from his sphere of usefulness by the pestilence, with which it seemed fit to Almighty God to visit the Province. With reference to this mournful event, the Board, before proceeding to business at its Meeting in October last, unanimously adopted the following Resolution :

That, while humbly acquiescing in the dispensations of Him who ordereth all things aright, this meeting desires to record its deep sorrow at the loss sustained by the Church Society of this Diocese, by the death of the late Hon. A. W. Cochran, who filled the offices of a Vice President of the Society, Chairman of its Lay Committee, and Honorary Counsel, with an ability, zeal and unsparing devotion of his time to the Society's interests, that have rendered his services of enduring value : that the Right Reverend, the President of this Society, is hereby requested to communicate to Mrs. Cochran and his afflicted family the foregoing resolution, with an assurance of the respectful sympathy of the Meeting, under their bereavement.

The Society has also sustained a severe loss in the death of another Vice Pr., Colonel Chandler, of Nicolet,—a warm and liberal supporter of the Church and her institutions, and a kind and hospitable friend to all her Clergy.

In William D. Lindsay, Esq., of St. John's, the Society has also lost a sincere and steadfast friend : Mr. Lindsay was a member of the Central Board, but, at the time of his death, had been so recently

appointed that he had never had an opportunity of taking any part in its proceedings. It may be fairly inferred from the interest, which he ever evinced in the prosperity of the Richelieu District Association, and of the Society generally, that his services at the Board would have been willingly tendered.

The Honorable Henry Black, Q. C., having been requested to accept the office of Honorary Counsel of the Society at Quebec, the Board feel a high gratification in being enabled to state that the services of this gentleman, so eminent in his profession, were willingly tendered. Mr. Black's advice and assistance have proved of the greatest advantage in furthering the designs of the Lay Committee.

The Board viewed it as a subject of thankfulness, that the invaluable services of T. Triggs, Esq., Treasurer at Quebec, were restored to them in October last: but they have now again to express their extreme regret at the prospect of his resignation of an office which he has filled for several years with an ability and zeal that have entitled him to the gratitude and respect of all the members of the Society. A contemplated change of residence renders this step necessary on Mr. Triggs's part.

The Secretary of the Society having given notice, in May of last year, of his intention to resign that office at the July meeting of the Board, accordingly did so: but, the Board being unable to make any arrangement for the appointment of a successor, he consented to re-accept the office, which he has since held without salary; an Assistant Secretary, Mr. F. Andrews, having been appointed at the same time. The Secretary, however, has been compelled to repeat the notice given last year, the extent of his pastoral duties not admitting of his doing the work of the Society satisfactorily to himself; and it is hoped that some arrangement may be made, at the approaching meeting of the Board, for carrying it on more efficiently.

Lay Committee

At the last Annual Meeting of the Society, some changes were

made in the Constitution of the Lay Committee, of which two distinct Branches were established at Quebec and Montreal. A vacancy occurred in the former within a very few days after the members had been nominated, by the lamented death of the Hon. A. W. Cochran, which was filled up by the appointment of the Hon. W. Walker, who was subsequently elected Chairman of the Committee.—Colonel Wilgress was elected Chairman of the Montreal Branch, and Mr. Andrews, Assistant Secretary of the Society, appointed Secretary of the Quebec Branch.

The Quebec Branch being thus fully organized, has taken up such of the objects assigned to them as, from the circumstances of the Diocese, it was within their power to enter upon. Their attention has been principally engaged by the lands of the Society, which are entrusted to their management and superintendence. Several hundred acres which were held in trust for Bishop's College, Lennoxville, have been made over, with the advice of the Hon. H. Black, to that Institution, a measure which will tend to simplify all matters connected with their management. The Committee have also taken steps to render the lands held by the Society for its own purposes productive, and have placed them under efficient superintendence.

With the view of furthering the first of all objects assigned to them, viz., the formation of endowment funds for placing the Clergy upon a just footing as regards the sufficiency and permanency of their incomes, the Quebec Branch have solicited the Society for the Propagation of the Gospel, to sanction an appropriation from the Clergy Reserve Fund, similar to that provided for by the eighth clause of the By-Law relating to the Lay Committee, by which the Church Society engages, in order to the encouragement of the formation of Local Endowment funds, to add an amount not exceeding £100 to any fund so formed which shall amount to £100.—It has been suggested to the Society for the Propagation of the Gospel, to make the amount and the conditions the same.

The Quebec Branch have also taken steps to procure well drawn plans of Churches for general use in the Diocese, and have invested (in pursuance of the 7th object assigned to them) the amount of unappropriated life-subscriptions in the hands of the Treasurer at Quebec, in shares in the Union Building Society, of that city.

The best thanks of the Society are due to those members of the Lay Committee, who have originated and carried out the different measures referred to.

The Board, in conclusion, would once more press upon the members of the Church throughout the Diocese, the urgent necessity of strenuous and sustained efforts, if the work of the Society is to be carried on. It may be proper to point out that at no time for some years past, have the standing expenses been so great as they will be from this date, two travelling Missionaries being employed, and the appointment of a Secretary being about to take place, upon a footing which will entail an annual additional expenditure of at least £100. There are also circumstances in the aspect of the times, which call imperatively for earnest exertions for the establishment of the Church among us. The opportunities which are now, by the goodness of God, afforded to us of doing this may not be ours for any length of time. For, not to dwell at this time upon other obvious considerations, the day cannot be far distant, when local claims will press more urgently than through the fostering care and support of our Mother Church in England, they are now permitted: and it is but the part of ordinary prudence to be prepared for its approach. The most effectual method of doing this, is by securing at once an endowment, however small in the beginning, in every Parish and Mission; and by supporting the Church Society to the utmost of our power, that the works which it may thus be enabled to carry on, may not be left to be completed, at a period when all the resources of the Colonial Church will be perhaps inadequate to meet only the most pressing demands.

In view of the approaching division of the Diocese, it may not be useless to observe that the Board have found that the amounts raised this year, in the City and District of Montreal, have generally fallen short, while most of the District Associations in the other portions of the Diocese, as well as the sister City exhibit some increase.—It is hoped that, in the event of the formation of a separate Church Society for the proposed new Diocese, the funds of each may be found at least to equal, before very long, the amount now raised in the whole ; that each may provoke the other to greater love, and fruitfulness in good works, and that an eminent degree of usefulness may be permitted to both, in their common work of striving to advance the kingdom of Christ.

EXTRACTS from the Journal of the Rev. T. S. CHAPMAN, Travelling Missionary of the Society, stationed at Grosse Isle, during the summer of 1849.

• • • • •

May 17th.—After receiving his Lordship's instructions relative to my duty as Chaplain of the Quarantine Station, I went to enquire for an opportunity of a passage to Grosse Isle, but not succeeding, I hired a Pilot Boat and started about 2, P. M.

• • • • • Reached Grosse Isle about 8, P. M. • • • • • I was met at the wharf by the Police Sergeant, who gave me the keys of the Mission House and introduced me to my new quarters. • • • • •

18th. Visited the Sheds and Sick Hospital : found but one person sick, a passenger of the Ship "Jessie," of Limerick ; on board of this vessel 47 died of Cholera. • • • • •

I remained some time by the poor man's bed side, for which he appeared very thankful.

Sunday, 20th.—Went in the morning to the Church for the purpose of ventilating it—found the air so heavy and bad on opening the door, (on account of its having been used as a fever Hospital during the fatal summer of 47, and not having been thoroughly purified since,) that I had to hold my breath while running to pull open the side windows. Held Divine service in the Barracks for the Military at 10½ A. M., and at the Church at 3 P. M., for the Emigrants, about 60 of whom were present, passengers of the "Lady Peel," "Jessie" and "Jane Black." It was indeed refreshing to witness the zeal and devotion of these people and the evident pleasure they felt in meeting with their "nursing mother" in a foreign land. Visited my patient in the Hospital ; he was sensibly failing ; I endeavoured to direct his mind steadily to the great concerns of his soul.

21st. Visited the healthy Emigrants at the Sheds and distributed some tracts. I urged upon them the importance of settling near a church, school, mill, &c., with other hints relative to the peculiarities of the country which it is to the interest of strangers to know. Visited the Hospital.

22d and 23d. Spent these days as above :—reviewed some of my studies preparatory to Priest's Orders.

24th. This day my patient departed this life, (as I believe, from his calmness and resignation,) in the faith of God, and on the morrow I committed his body to the ground, "in sure and certain hope of a joyful resurrection to eternal life, through Jesus Christ our Lord." Another person sent to Hospital from the Brig Ava.

Sunday 27th. Had service in the Church for the few protestants who were on shore. Preached also to the soldiers in the Barracks. * * * *

29th. Went up in the Steamer to Quebec, for examination previous to Holy Orders. * * * *

June 6th. Visited the sick Hospital in the morning, and found that 14 persons had been admitted during my absence, some with scarlet and typhus fever, others with small pox. Spent a considerable time with them, particularly with those who appeared to be in the most dangerous state. * * *

12th. There were now 44 persons in all admitted. Visited them twice a-day, morning and afternoon, and gave them to the best of my humble ability the advice and consolation which seemed most needful in their several circumstances.

13th. Buried a man who died of typhus,—his end was perfect peace. This day 10 persons were discharged from the Hospital, leaving 33.

16th. Visited the Hospitals and Sheds daily. Felt unwell, cold chills and a severe head-ache. Buried one person.

Sunday 17th. Held service in the morning for the Emigrants and in the afternoon for the troops. Felt so unwell that I could hardly get through with the service : got home as soon as possible and went to bed, cold chills and extremely violent head-ache.

18th. Started in the morning to the Hospital which was a mile from my house, hoping by exercise to drive away my sick feelings, but rather grew much worse. Dr. Douglas very kindly drove me home, and by the timely administering of powerful remedies, broke the fever in the bud. Was so far recovered as to be able (though still very weak) to hold Service on Sunday the 1st of July. Formed a project, while convalescent, of improving the Church. Often was I grieved by the disagreeable contrast between the Romish Chapel, which is indeed a neat, well painted and finished building of its kind, and our poor forlorn-looking Zion.

July 2d. Still weak and dizzy. Carried an umbrella to keep off the heat and visited the Hospital. Found that 11 patients had been admitted during my sickness, and that 12 had been discharged. Very fortunately no deaths occurred in this time.

3d to Aug. 4th. 45 persons, English, Irish, and Scotch were admitted to Hospital ; about as many discharged ; 4 deaths 2 men and 2 women. During this time I paid daily visits to the Hospital and Sheds, part of the time twice a-day. Preached on the Sundays to the Emigrants and Troops, and had also an occasional Service on week days, for those who happened to be on shore. Employed all my spare time during the last fortnight of July, at cleansing and painting the Church, not many Protestants being on shore at this time. I was desirous of getting it put in a fit state for the administration of the Holy Com-

munion on the first Sunday in August, and for the sake of gaining time, but particularly of saving expense, (having only £3 10s. which the Rev. A. W. Mountain collected among his friends for this purpose, with £2 15s. contributed by friends of the Church on the island,) Canadian workmen being so slow and their charges so high, I was obliged to take the brush in hand and do it myself. The Church is about 40 feet long by 25 wide, fitted up with two rows of forms leaving an aisle in the middle; these I painted, also all the walls and ceiling, which are made of boards; the chancel rail and lecterns I varnished, and the windows I stained.

5th. Preached in the Church and administered the Holy Communion. Service in the afternoon for the Troops. Visited the Hospital in the evening.

6th to 26th. 101 persons sent to Hospital, chiefly from the barque Circassian, of Greenock, Scotland, all with bad typhus. These made up a larger number of Protestants, I was told, than had ever been in Hospital at any one time, except in the summer of '47. Visited the Hospital once or twice every day. A good many of these people were Highland Scotch and could not understand English, so that communication with them was rendered slow and difficult. I made use of some of the convalescents who understood both Gaelic and English as interpreters.

* * Continued to work more or less every day on the Church spire, this I did in a shop close by my house. * * (Buried during this period 8 persons, 3 men, 3 women, and 2 children.)

27th. Cholera broke out. Buried 3 persons. Employed a part of the day in measuring and marking out the grave-yard in a regular manner. Selected my own resting-place in a quiet corner beneath a beautiful spreading elm.

From Aug. 28th to Sept. 1, buried 30 persons.

Sept. 2d. Buried 8 persons and Thomas McBrien, one of the Hospital Orderlies. This man had been on the station for five years and had passed through all the terrors of fatal '47 unscathed, notwithstanding it was his duty to coffin the dead. He told me that he had frequently single-handed lifted up in his arms 100 corpses in the course of one morning, put them in coffins, and nailed them up. * * * *

Administered the Holy Communion in the Church, and a peculiarly solemn feast it was. "In the midst of life we are in death: of whom may we seek for succour but of thee, O Lord, who for our sins art justly displeased?" * * *

7th. The cholera was at length exhausted for want of more victims. Two families, one consisting of 5 persons, the other of 8, were quite blotted out from the land of the living. There was one old Patriarch among the rest, who lived to see a numerous race of children and grandchildren snatched away, one by one, till he was left alone.

From the middle of July and all through this trying time, I worked hard at the Church spire during spare moments, notwithstanding the advice of friends to save my strength for the time of need. I believe that to God's blessing and this constant and varied employment, I owe the preservation of my life.

From Aug. 26th to the end of the season, Oct. 17th, 31 persons were admitted to Hospital.

Oct. 5th, one man died, who was the seventieth and last of the unfortunate passengers of the Circassian: at his head I raised a humble monument recording the event. * * *

17th. It was with feelings of pleasure, after a sojourn of 5 months, that I sailed away, looking back at the scene of my labours and our pretty little church now restored, with its pinnacles and spire pointing upward, (ample reward for all my

labour !) and with devout thankfulness to Almighty God for this manifest token of his favour, the preservation of my life, while so many valuable servants of the Church had been called away the two seasons before. Truly the ways of Providence are inscrutable. Truly "the Lord has power of life and death; he scourges and shows mercy; he leads to the gates of the grave and brings up again:" he smites the strong while he spares the weak. "Praise the Lord, O my soul; and forget not all his benefits; who saveth thy life from destruction; and crowneth thee with mercy and loving-kindness."

From the time of my leaving the Quarantine Station to the 24th Feb., 1850, the date of my appointment to a permanent charge, I was employed, according to his Lordship's directions, in the two vacant Missions of Shefford and Brome: to these I gave all my Sunday services except four, which I divided between the Townships of Windsor, Ham and Dudswell. For the most part I had three services on Sundays, also several weekday evening services at Magog Outlet, Stukely Mills, Potton and "Sutton Corner." At these places the door appears to be partly open for the Church, particularly at the last mentioned place.

* * *

With a little encouragement I think that the people of Stukely would join and build a Church. This with the "Outlet" would form a new Mission. The Outlet is certainly a desirable post to occupy, for it is destined, from various advantages which it possesses, to become a large flourishing place.

On the Rev. Mr. Chapman's appointment to a charge, the Rev. J. Carry succeeded him as Travelling Missionary in the destitute Settlements, on the borders of the Districts of Mon-

trear and St. Francis, where he was employed; from March 6, to April 21, of the present year.

Mr. Carry speaks, in strong and feeling terms, of the spiritual destitution of the inhabitants of these settlements. He met with very few Church families: and not unfrequently was indebted to the hospitality of members of the Dissenting bodies. These persons he found uniformly kind and communicative.

EXTRACTS from Mr. CARRY's Journal:—

* * * * *

March 8th. Went to Ely, a distance of ten miles. Got notice given of a Service at Mr. Nixon's house, at 7 o'clock, p.m., when a few persons, some from a distance of two miles, assembled. After Service, conversed for an hour and a-half with some who remained, on the prospects of the Church in Ely, a project to build a church and purchase a glebe. I strenuously urged the advantage of this, and the necessity under which Christians lie to exert themselves for the church. The excellence of the Prayer-book, and the utility of lay-reading in the absence of the clergyman, excited the interest of the persons present. On the whole, from what I can learn, the people seem desirous to do what they can. They are simple, uneducated Irish, well-affected to the Church. * * *

March 11th. This day, came eleven miles to "the Outlet," three of which it took me two hours to travel, in consequence of the almost impassable state of the roads. * * *

I got notice given of a sermon at 7, p.m., when some 25 or 30 people assembled. And such a service! It was the first time I ever heard our Service (shall I say, celebrated?) without a single response,—not even one solitary *Amen*! I cannot describe my feelings as I read our Confession and ver-

sicles, and Prayers, and Psalms, and Hymns,—not hearing a voice but my own, while the people *sat* from the beginning to the end of the prayers. At the conclusion, however, my feelings were so strongly excited, that before I commenced my sermon, I addressed to them an animated expostulation of some length, at the impropriety of that posture in approaching the Supreme God. The result was, when I said, “Let us Pray,” in saying the Collect before the Sermon, every one knelt down. They seemed attentive. I left an appointment for Wednesday fortnight. * * *

March 21. Visited a Settlement begun nine years ago, in all which time a Methodist Preacher visited them once, (last year,) and the Rev. Mr. Chapman once or twice before his ordination, and 3 or 4 times after. They certainly are destitute,—not having even a school. There are ten families in the Settlement, seven of which belong to the Church; the others are glad to attend on its Services. Had Service here, at 1, p.m., and, in the evening, in Mr. Chapman’s neighbourhood, at 7. A good number attended on both occasions. Travelled, to-day, twenty miles.

March 22. Came to Ely, where I staid on Saturday, the 23d, for the purpose of making some inquiries. Mr. Armstrong, a firm churchman, entertained me hospitably. I am fully confirmed in what I said before about Ely.

24th. Sunday. Had Service in Mr. Armstrong’s house, at 10 o’clock, a.m., at which about 60 persons were present. Two children were baptized after the second lesson. In the evening I went through the woods to a railway section, and had service in a settler’s house, where the railway labourers and some of the settlers assembled to the number of 50. They were remarkably attentive and devotional in their conduct,

and very thankful for my services, earnestly requesting I might come again. * * *

March 29th. Good Friday. In the morning, wrote notices of the Services, and had them posted in conspicuous places. To-day I felt melancholy in my lonely fast and my lonely prayers, as I recollected the former returns of this day, especially the last, when I went to the House of God in company, and my devotions were animated by the presence of multitudes of lowly and penitent fellow-worshippers. A Travelling Missionary in these deserts has surely need of "faith and patience !" In the evening had Service, at which about five were present. This was discouraging ; but I waited with some hope, that on Sunday, as there had been a timely notice, and as there was a good chance, the people would assemble.

30th. Prepared an Easter discourse.

31. Easter-day. Had my patience rewarded by a congregation of 19 persons, 4 of whom were children ! 'Tis sad. The people are strongly prejudiced against the Church.

* * * In another District, I was informed, that very many years ago, the Dissenting Meetings were numerous and well-attended ; the people were religious and the Ministers active ; but now there are, though the population is increased greatly, few people who attend Public Worship, and the people are irreligious and indifferent. * * There is no stated regular Service of any kind. The preachers, I was told, could hardly live. One, a zealous Methodist, had to return to his axe to support a wife and family. Who does not see in this a practical evil of the greatest moment resulting from divisions ? Were the people united, or nearly so, they could support one or two Ministers, and have one or more places of worship.

April 2. Reached Hereford. There is not one churchman in this Township, and I could hear of only two Old-Country people. No words would suffice to describe the condition of the people in religious matters; not that they are more destitute of opportunity than others, for they have occasional Services; but the effect of them has been little for good.

April 3. Next day I assembled a few people and had Service, baptizing four children, two of whom were of one family and two of another. Two men, with whom I conversed (those whose children I baptized, and who seemed the best affected), were of opinion, that we could establish a Service there with advantage, all the sects having tried and failed. They even asked, what they would have to pay a Minister? I told them, nothing, at least for the present, as the Travelling Missionary would visit them. The Preachers are chiefly such as come from beyond the frontier. * * * * * No settled Minister or Service in a Township settled 50 years!

EXTRACTS from the Journal of the Rev. R. C. STEPHENSON, of visits to the Gore of Chatham and to destitute settlements on the Ottawa River.

March 6th, 1850. Arrived at St. Andrews. The Rev. W. Abbot, the Rector, made an appointment for me to hold Divine Service, at the Gore of Chatham, on the following Monday, at 2 o'clock, P.M., the difficulty of conveying the information, and the scattered state of the people not admitting of an earlier appointment.

March 8th. Drove to the Parsonage, Grenville. Gave notice through the Rev. C. Forest, that I would (D. V.) hold

service, at "The Augmentation," "Petite Nation," and Buckingham, respectively, on the 18th, 19th and 21st of March, intending, in the meantime, to remain a week at the "Gore."

Mar. 11th. Reached the Gore at 2 o'clock, but, owing to a mistake as to the hour, found that the greater part of the congregation had returned to their homes. Over sixty had remained, to whom I preached. Delight beamed in every countenance at beholding "The Minister" once more amongst them. They have had no resident clergyman for more than a-year. The people are much attached to the Church, and, though the Methodists have a Meeting-house hard by, few of them have joined the ranks of dissent. All were anxiously inquiring, when a Missionary would be supplied them, and said they would contribute liberally to the Church Society.

March 12th. Visited the School, No. 1, and catechised the children.

March 13th. Visited 6 families.

March 14th. Held Divine Service in the Church. Weather most unpropitious. Preached to over 80 persons. Baptised one child, which was brought to me at the conclusion of the Service. Late in the evening, called away to administer that Sacrament to a child at the point of death.

March 15th. Held Service in a School-house, at the North side of the settlement. School-house thronged, about 70 persons were in attendance. Baptisms, three, after Second Lesson. On my return, visited a sick woman.

March 16th. Read the Burial Service over an aged man who had died two days previously. As a great number of persons were assembled on the solemn occasion, (the School-house, in which I officiated, being four miles distant from the Church), I embraced the opportunity, thus afforded, of addressing them on a suitable subject, and preached on "Death and the Judg-

ment to come." After the Sermon, and before the coffin was removed, a poor woman requested of me to baptize two of her children, which I accordingly did before the congregation. As I was leaving the grave-yard, several persons asked me to baptize their children privately, not being able to bring them to the Church, as they were all very bad with the chin-cough. I accordingly baptized seven, the eldest of whom was six years of age.

Sunday, March 17th. Catechised the children for an hour before Service commenced. At the time appointed, 11 o'clock, A.M., the Church was filled to overflowing; some had to stand in the aisle, others crowded round the chancel rails; over 300 persons were present; numbers joined audibly in the responses; singing good. Baptisms, after Second Lesson, six, all bringing sponsors. Preached on "the Baptismal vow." I cannot conclude my report of this visit to the Gore, without mentioning one, out of many instances of kindness, shewn to me during my sojourn amongst them. I put up, on my arrival, at the only thing of the "Inn kind" in the settlement, and, when I was about to leave, the people would not think of letting me be at the least expense, but, through a Mr. Parker (who usually acts as clerk), presented me with a sum of money, far more than sufficient to defray any charges I have been at.

March 18. Reached Grenville Parsonage (distant 30 miles), and next morning set out for "The Augmentation." Missed my way in the woods; as two o'clock was the hour appointed for Service, I was anxiously pressing on by a back road into the Settlement, but my sleigh, coming in contact with the stump of a tree, broke down when I was within four miles of my journey's end. Leaving my sleigh on the road, I mounted my horse and reached Mr. C.'s, (where I usually

preach, it being the most central place), a half-an-hour after the time appointed. My note had not reached, although sent ten days before, consequently none had assembled. Notice was immediately sent round, and at 7 o'clock 40 persons were in attendance. One Baptism. One alone responded. The people are anxious to erect a Church. All seem very favourably disposed towards her ministrations.—Next day proceeded to Petite Nation (distant 18 miles) ; here I preached to a congregation of 50. Singing good. One alone responded. * * The Church families here are "few and far between," but, surrounded as they are by Baptists and other dissenters, it is no wonder that they have become insensibly tainted with their doctrines. Having no place of worship of their own to attend on Sunday, they generally go to hear every teacher of dissent, "that" (to use their own phraseology) "comes along." They are much attached, notwithstanding, to the Church, and some come seven miles to attend my week-day Services.

* * * * *

March 26th and 27th. Travelled on the ice up the River aux Lièvres, having heard that there were some families there, the parents of whom had formerly belonged to the Church. I visited the greater number of the families on each side of the river, for 14 miles up, into the Township of Portland. Fearful, indeed, was it to see the carelessness and indifference with which they regarded anything connected with religion ; they seemed perfectly reconciled to their state of spiritual destitution. Many were attached to no particular denomination ; large families were springing up around them, all, parents, as well as children, in most cases ignorant of the simplest truths of Christianity. Some families I visited, not a single member of them could even read. As I announced myself

in one house to be a Missionary of the Church of England, a man observed, who had formerly been a churchman, "that it was time for the Church to look after them, since, for want of religious instruction, they were in a state verging on heathenism." * * * * *

Good Friday. Held Evening Service at a School-house in the Township of Lochaber. Over 50 persons were in attendance, as the Church families are more numerous in this part of the Township than in any other (distant from Buckingham 8 miles). I announced my intention (D.V.) of holding Service there on a Sunday Evening, once a fortnight. About one-third of the congregation belonged to the Church, the remainder were Presbyterians, and some few, who were attached to particular denominations, might easily be brought over to join the Church of England.

March 30th, Easter Sunday. Having made arrangements, during the week, for catechising the children, over 30 assembled this morning, an hour and a-half before the commencement of Divine Service. Few of them could read. They all promised to attend regularly;—I have also engaged the services of two or three competent teachers to assist. When the Service commenced, the Chapel was crowded to excess, numbers had to remain outside the door, and some returned to their homes. The congregation here, would, when the roads are good, number 150 or more; the Chapel holds but 90. Two Baptisms after the Second Lesson. One of the children had been brought from the Township of Portland, a distance of 14 miles. Another woman had brought her child ten miles, and, not being able to get in, returned without being able to accomplish her object. This I did not learn until afterwards. Responses duly made. Singing excellent, even to chanting portions of the Service, which we have been enabled to intro-

duce by means of Mr. Steacy who leads it.—Service in the evening at 7 o'clock, P.M. Congregation small, owing to the distance which most of the people have to come.

Monday, April 1st. Visited several families in the village, I find the week-day visiting productive of much good.

* * * * *

Spent the next week visiting the settlers in the bush, in the Township of Buckingham.

The danger attending the crossing of the Aux Lièvres, owing to the badness of the ice, and the wretched roads in this Township greatly impede me. I am kindly received everywhere by persons of all denominations, most of whom attend the Chapel on Sunday, and send their children to the Sunday School.

Sunday, April 14th. The Chapel crowded as usual. Catechised upwards of 30 children before the Service commenced.

April 15th. Proceeded again into the woods. * * *

Sunday, April 21st. Catechised the children before Service. It is pleasing to witness the anxiety evinced by the parents for the religious instruction of their children, many of whom come themselves, and bring their children, a distance of four or five miles, by roads which at this season of the year are almost impassable. Chapel full. Baptized three children after the Second Lesson. * * *

Tuesday. Set out on foot through the Settlement, accompanied by Mr. C. Visited five families, and, at 4 o'clock, P.M., conducted Divine Service at Mr. C.'s. * * *

Next day visited the Gore of Lochaber. Held Service, in the evening, in a School-house; thirty persons composed the congregation. There are four Church of England families in the Settlement. They had never heard the Service of the Church read there before. One of the settlers assured me, that he had not heard our Liturgy read for the last twenty

years. Consequently none responded. They neither knew when to stand, sit or kneel. There was but one Prayer-book to be had. Gave the people some directions respecting the Liturgy, that they might be enabled to respond at my next visit. The majority of the people are Methodists. They are anxiously looking forward to my next visit.

Next day, Saturday, left for Buckingham (distant twenty miles). The wretched state of the roads, at this season of the year, renders travelling very uncomfortable. Besides, the country over which my Mission extends is intersected by broad and rapid rivers, which can only be crossed by "scows." The Gore, my most distant station, is 85 miles from Buckingham, my head-quarters. * * * Since my return, I have been able to devote a couple of hours, daily, to the religious instruction of the children. The Township of Buckingham presents a most important field for Missionary labour. There are 58 Church families resident in it. The majority of the people are Roman Catholics, and many of the Protestants, from want of a Minister of their own, have joined their community. The Baptists and Methodists have abandoned this Station altogether. The Presbyterians have had no resident Minister for the last two years and a-half. The Church may plant a most successful standard here ; but a good deal of care and attention must be paid to the congregation to keep alive the good feeling which they at present manifest to her ministrations. I make it a point to visit the different families who attend the chapel as frequently as possible. One of the leading Churchmen told me to-day, that after the erection of a Church, which they are anxious to put up next Spring, he felt assured that the people would contribute from £20 to £25 yearly to the Church Society.
